

March 2011 Newsletter

Have you recently visited our website, www.mb-mfg.com? We are excited about the improvements we have been making. Our Contact Us drop down now has a link to our Reps & Distributors, here you are able find them by state. Simply click the state pin and your contact person's information will be displayed. On the News page, you can catch up on what has been happening at MB Manufacturing. Our Smart Solder fixture was spotted on the Discovery Channel's, How It's Made. The episode was Electronic Door Lock. A clip of the video can be seen on our website.

With MB Manufacturing's continuous improvement strategy, we have developed the ultimate selective solder fixture out of a combination of titanium and composite. Incorporating the latest in flow technologies to eliminate skips on bridges. This selective solder pallet will last for years in a high production environment.

Quality Policy

MB Manufacturing is dedicated to provide products and services which meet or exceed customer requirements and to the continual improvement of the effectiveness of its quality management system.

Quality Objectives

- MB Mfg. will strive to meet customer requirements in products & services.
- MB Mfg. will strive to supply products 100% on time.
- MB Mfg. will strive to achieve defect free operations.
